E Sathish David

Co-Founder - ImagoDei Technologies | Chief Content Strategist - BrandPuli.com | Founder CEO - GENESIS-House of Accountants | Business Strategist | Brand Custodian | Content Marketer | Tamil Littérateur & Translator

Chennai, Tamil Nadu, India

Summary

I'm Sathish David, and I've spent the last 26 years building businesses, brands, and helping entrepreneurs find their voice in the market.

I started GENESIS - House of Accountants (known as 'Genesis Tally' here in Tamil Nadu) when I was 24. Since then, we've trained over 20,000 professionals, helped create more than 2,000 entrepreneurs, and facilitated over 5,000 Tally software implementations across Tamil Nadu and Andhra Pradesh. These days, we're focused on helping accountants embrace AI technology.

I work with companies as a brand consultant, helping them tell their stories in ways that actually move their business forward. I've also served as Chief Marketing Officer at Dr. MGR Educational and Research Institute.

Recently, I launched BrandPuli.com and Rini Media Technologies because I believe video content is one of the most powerful tools for entrepreneurs and creators today. My goal is to help a million of them grow and succeed.

I've also co-founded Fastack Technologies, where we build AI-powered software and AI agents (including LucaGPT for TallyPrime), and Imago Dei Technologies, which runs Parentzo.com—a community platform for Early Childhood Development.

I create content on YouTube, host podcasts, and love mentoring entrepreneurs. I'm a life-long student of the Holy Bible, Thirukkural, and Economics. I also enjoy translating between English and Tamil, and stay involved with social causes, fundraisers, and educational charities.

Whether it's branding, scaling, team building, content creation, performance marketing, or AI adoption for institutions—I'm always happy to connect and share what I've learned along the way.
